What are you hoping to contribute through your visit?

Have you accepted Christ as Lord and Saviour? Where would you say you are in your faith journey and what do you believe? (if you have not come to know Jesus it is okay, we just need to know so we can consider this in terms of which programs we would allow contribution to so please be honest about where you are in your journey)

When/how did you accept Christ as Lord and Saviour?

Have you ever undertaken mission school training or attended bible college?

Please consider why you want to come serve our ministry and if you'd still be willing to come if you were not allowed to post photographs of the children's faces on social media. Please also consider if you would be confident in your ability to engage in construction work, lead a small group bible study course or a discipleship class/prayer room set in your church or mission school in your home country. If the answer is no, should you do it overseas at this time?

What do you hope to gain from the visit personally and/or spiritually and/or professionally?

What dates would you hope to come?

I understand that filling out this application does not guarantee a visit and that dates available for visits can vary slightly based on the needs of the ministry. I understand that details included in this form may be followed up on and that any false information could result in my visit getting declined. I understand that my local church pastor may be contacted for a character reference using the details submitted in this form. I understand that Shine His Light – Street Family Organisation is a Christian ministry with the focus being on spreading the Gospel of Jesus Christ, specifically within the street-family community in East Africa. I understand that I require a background check prior to my visit.

I understand that I will be contacted by Shine His Light and by filling my information on this form I consent to being contacted.

Please check the box to indicate you understand and consent to the above.

All our mission trip volunteers and interns, whether short term or long term require participation in a training day upon arrival in Kenya prior to interaction with children and vulnerable communities.

This training is an enjoyable one-day workshop which consists of basic trauma care training, basic family reunification training, an overview of our safeguarding policies and basic language + culture awareness training.

Please check this box to indicate you understand & consent to participate in the above.
